Sample Association launches free writing workshop for volunteers

Press release · Leipzig, 12 October 2026

Leipzig. From November the Sample Association Leipzig offers a free writing workshop. Volunteers learn to produce invitations, minutes and donation receipts quickly and consistently.

“Many associations spend hours formatting documents. That time is missing for the actual work,” says chair Jordan Sample. The workshop is based on freely available templates that turn plain text files into professional PDFs.

The workshop runs on four evenings at the Town Hall. Registration is open until 31 October at workshop@example.org.
